

# Texas State Organization

The Delta Kappa Gamma Society International

April 12, 2024

Dr. Anji Morgan-Thornton  
Area 15 Coordinator  
coordinatorarea15@gmail.com  
Zeta Pi, Area 15

## Goals:

1. Understand Area 15 Chapter nuances, talents, and gifts relating to the SOAR Goals.
2. Provide a monthly newsletter with upcoming dates and deadlines.
3. I will be an aide and support to my chapters.

## Accomplishments and Activities Related to Goals:

1. I met with Zeta Pi in September, and will meet with Beta Iota, Kappa, Mu Kappa, and Theta Iota before May. All chapters seem to be a tight-knit group of women who support and cherish their fellow members and sisters. Some are more active than others, but all inform their members and meet TSO deadlines.
2. Monthly newsletters were sent to each chapter in Area 15. Each newsletter contained Southwest Regional Area Workshop information to be held in Odessa, Texas, on June 22, 2024, from 8:00 AM to 5:00 PM.
3. I have received several calls from my area's presidents with questions or concerns. I could answer the query or direct them to Patti or Bonnie for further assistance. All of them have my cell phone number, and when I see or go somewhere that reminds me of their chapter or members, I send a short text message. All chapters seem very receptive to me, and when it is time for an RAW Zoom meeting, my area will have the best attendance.

## Suggestions for Chapters of Area 15:

1. Continue to give love and support to one another. Suggest possible leaders (old and new) to show interest in a TSO Committee and attend the RAW and future State Conventions. I'd LOVE to see you there and visit!
2. There is always a push for new members, but retaining is just as important, so find ways for members to extend and embrace others but also to glorify each other in the process. Be creative with the recruiting and invite non-traditional teaching roles to join our membership (coaches, trainers, presenters, etc.)
3. Keep up the amazing work with meeting deadlines and spreading the TSO News!
